

# ***HMA for Science Kickoff Meeting OpenSearch Demonstrators***

KO Meeting  
24 January 2013, ESRIN Frascati

Corentin Guillo, ASTRIUM

- 3 OpenSearch demonstrators:
  - OpenSearch Extension for EO Satellite Tasking
  - OpenSearch Extension to Search EO Products
  - OpenSearch Extension to Download EO Products
  
- Optimisation of the implementation efforts (low learning curve)
  
- Harmonise the demonstrators by offering a simple range of technologies (use the MapShup framework)
  - Investigated in the scope of the DREAM project
  - Composed by a light weight client and an easy to configure server
